Summary

What can be said truly about the cricket tournament? This is due to the indescribable passion that our cricket-crazed nation has for its most beloved sport. In India, it is cricket season. Cricket appears to be ruling the roost, whether in Twenty20 or ODIs.

And, when employees are enthralled by cricket, can corporates be far behind? corporations are taking cricket seriously and organizing games not only for team-building purposes, but also for CSR purposes. And employees get to indulge in the "gentleman's game" once more.

Thank You!
