## Summary

*What can be said truly about the cricket tournament? This is due to the indescribable passion that our cricket-crazed nation has for its most beloved sport. In India, it is cricket season. Cricket appears to be ruling the roost, whether in Twenty20 or ODIs.*

*And, when employees are enthralled by cricket, can corporates be far behind? corporations are taking cricket seriously and organizing games not only for team-building purposes, but also for CSR purposes. And employees get to indulge in the "gentleman's game" once more.*
